

streamSAVE Dialogue Groups

Priority Actions:

- **Feedback and tailored advice for behaviour changes**
- **Small-scale RES for heating (including Domestic Hot Water)**

Agenda of Meeting 1 – Wednesday 11 May (3:00 to 4:30 pm CEST)

[Registration link](#); Connection link: see the confirmation of your registration or calendar invitation

This meeting aims at:

- Presenting the scope of these new Priority Actions and the first elements about their draft calculation methodologies
- Sharing experience from external presentations

Agenda

15:00	Introduction to the meeting
PART 1: Feedback and tailored advice for behaviour changes	
15:05	Methodology scoping and approach to be followed, by Carlos Patrão (ISR-UC)
15:25	Methodology to assess the impacts of behavioural changes from the NUDGE pilot projects, by Dr. Stratos Keranidis (domX, Greece)
PART 2: Small-scale RES for heating (including Domestic Hot Water)	
15:50	Methodologies scoping and approach to be followed, by Gema Millan Ballesteros (CIRCE, Spain)
16:10	Insights from the ' REPLACE your Heating System Calculator ', by dr. Gašper Stegnar (Jožef Stefan Institute – Slovenia)

(All times are in CEST)

The meeting will be moderated by Carlos Patrão (ISR – Coimbra University, Portugal), Matevz Pusnik (JSI, Slovenia), Gema Millan Ballesteros (CIRCE, Spain) and Elisabeth Böck (Austrian Energy Agency). Discussions will be under Chatham House Rule: the minutes will not mention any name or country. All discussion points included in the minutes will be anonymized.

You can start the discussions by signing up to the streamSAVE's online forum:

<https://streamsave.flexx.camp/forum>

Contact < dialogues@streamsave.eu > for any question

streamSAVE is a 36-month Horizon 2020 project aiming to streamline energy savings calculations under Articles 3 and 7 of the Energy Efficiency Directive (EED). For more details, see: www.streamsave.eu

What is a Dialogue Group?

A Dialogue Group gathers experts and policy officers from various EU Member States to share experience and discuss technical and economic issues related to the savings calculations for a given Priority Action. The streamSAVE team facilitates the exchanges by organising web-meetings, providing an online forum and summarizing the main lessons learnt from the discussions.

What do I get from taking part in a group?

- Better knowledge about technical and economic issues related to savings calculations, and about practices in other countries
- Peers' and experts' support to answer my questions
- Opportunity to give my views on the methods developed by the streamSAVE project

What involvement is expected from me?

- Taking part in Priority Action specific online web-meetings
- Using the online forum to ask questions or share information with my peers
- Making a presentation to share experience (on a voluntary basis)

The 5 Priority Actions addressed in the first cycle of Dialogue Groups

HEAT
RECOVERY

BUILDING
AUTOMATION
& CONTROL
SYSTEMS

REFRIGERATION
SYSTEMS

ELECTRIC
VEHICLES

LIGHTING
SYSTEMS

How can I join a Dialogue Group's meeting?

You can access the streamSAVE online forum by creating your account (if not done yet) at the streamSAVE platform: <https://streamsave.flexx.camp/signup-0818ml>

Or you can send an email to: < dialogues@streamsave.eu >

Discussions continue on streamSAVE's online forum

The online forum can be used to continue the discussions, ask questions, share information, etc.: <https://streamsave.flexx.camp/forum>

For more information, clarifications and support please send an email to dialogues@streamsave.eu.
