

streamSAVE Dialogue Groups

Priority Actions:

- **Accelerated replacement of inefficient electric motors**
- **Modal shift for freight transport**

Agenda of Meeting 2 – Tuesday 29 November (3:00 to 4:30 pm CET)

[Registration link](#); Connection link: see the confirmation of your registration or calendar invitation

This meeting aims at:

- Briefly reminding the scope of these new Priority Actions and providing complements and updates about their calculation methodologies (see the [proceedings](#) of the previous meeting)
- Sharing experience from external presentations

Agenda

15:00	Introduction to the meeting
PART 1: Accelerated replacement of inefficient electric motors	
15:05	Complements and updates about the streamSAVE methodology, by João Fong (ISR-UC, Portugal)
15:20	Energy savings in motor systems – experience from Switzerland, by Rita Werle (Impact Energy, Switzerland)
PART 2: Modal shift for freight transport	
15:45	Complements and updates about the streamSAVE methodology, by Elisabeth Böck (Austrian Energy Agency)
16:00	What's next and open discussion

(All times are in CET)

The meeting will be moderated by Elisabeth Böck (Austrian Energy Agency), Christos Tourkolias (CRES, Greece), João Fong (ISR – Coimbra University, Portugal) and Tomas Jezdinsky (European Copper Institute).

Discussions will be under Chatham House Rule: the minutes will not mention any name or country. All discussion points included in the minutes will be anonymized.

You can start the discussions by signing up to the streamSAVE's online forum:

<https://streamsave.flexx.camp/forum>

Contact < dialogues@streamsave.eu > for any question

streamSAVE is a 36-month Horizon 2020 project aiming to streamline energy savings calculations under Articles 3 and 7 of the Energy Efficiency Directive (EED). For more details, see: www.streamsave.eu

What is a Dialogue Group?

A Dialogue Group gathers experts and policy officers from various EU Member States to share experience and discuss technical and economic issues related to the savings calculations for a given Priority Action. The streamSAVE team facilitates the exchanges by organising web-meetings, providing an online forum and summarizing the main lessons learnt from the discussions.

What do I get from taking part in a group?

- Better knowledge about technical and economic issues related to savings calculations, and about practices in other countries
- Peers' and experts' support to answer my questions
- Opportunity to give my views on the methods developed by the streamSAVE project

What involvement is expected from me?

- Taking part in Priority Action specific online web-meetings
- Using the online forum to ask questions or share information with my peers
- Making a presentation to share experience (on a voluntary basis)

The 10 Priority Actions covered in streamSAVE

HEAT
RECOVERY

BUILDING
AUTOMATION
& CONTROL
SYSTEMS

REFRIGERATION
SYSTEMS

ELECTRIC
VEHICLES

LIGHTING
SYSTEMS

SMALL-SCALE
RENEWABLE
CENTRAL
HEATING

ACTIONS TO
ALLEVIATE
ENERGY
POVERTY

REPLACEMENT
OF ELECTRIC
MOTORS

BEHAVIOURAL
CHANGES

MODAL SHIFT
FOR FREIGHT
TRANSPORT

How can I join a Dialogue Group's meeting?

You can access the streamSAVE online forum by creating your account (if not done yet) at the streamSAVE platform: <https://streamsave.flexx.camp/signup-0818ml>

Or you can send an email to: < dialogues@streamsave.eu >

Discussions continue on streamSAVE's online forum

The online forum can be used to continue the discussions, ask questions, share information, etc.: <https://streamsave.flexx.camp/forum>

For more information, clarifications and support please send an email to dialogues@streamsave.eu.
